

# August 2013 Newsletter

**Karate Class:** There will be a new karate class starting up in September. Our instructor, Mr. Rowan, is amazing with the children and they love attending his classes. If you think that your child would enjoy taking karate, and would like more information, please pick up a flier on the front desk!

**Student Observation:** As the school year approaches, we have had interest from some of the college students to come observe our classrooms for their child development classes. This is something that we have done in the past, and enjoy helping participate in the education of our local future teachers! The students typically come to observe our teachers and discipline strategies during our daytime hours before lunch time, so if you see someone new in your child's classroom, please feel free to introduce yourself and say hello. During observation the students will not at any time be in charge of the classroom, activities, your child, or be alone with the children for any reason. All classrooms will remain under the direct supervision of Kathy's House staff at all times. If you have any questions or concerns, please let us know!

**Themes for the Month**  
5-9 The Zoo  
12-16 Picnics and BBQs  
19-23 All About Me  
26-30 Apples and Worms

**Moving Classes:** As our Pre-K class heads off to kindergarten we will start moving children up to the next class. We will begin this transition starting on August 12. If your child is scheduled to move up, be on the lookout for a letter that will be sent home with your child's daily papers letting you know what day s/he will be starting in their new classroom!

Monday	Tuesday	Wednesday	Thursday	Friday
